

COUPLINGS AND MORE

# LONG B COUPLER

STANDARD 30B

30B LONG

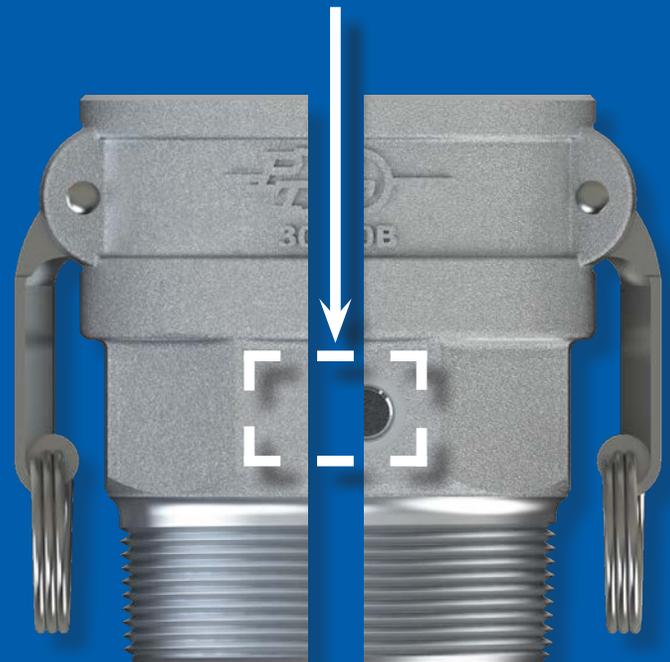

PT's **LONG B COUPLERS** also known as "Long B's," are made from high quality Aluminum A-356 and are further strengthened to T-6 hardness to ensure lightweight durability. PT now offers more **NEW!** material options such as 316 Stainless Steel for chemical or more corrosive applications. The Long B is the solution for engaging cam arms in tight areas, such as tanks, flanges and pump housings. It can also be machined with a port for adding sampling valves or pressure gauges.

### FEATURES:

- Cast, machined and assembled in the USA
- Multiple sizes available (see back page for sizes)
- Material options in Aluminum or **NEW!** 316 Stainless Steel
- Taller height allows for full cam lock
- Machined port option available with various thread types in ¼ inch, ½ inch, or ¾ inch sizes
- Superior pressure ratings that surpass industry standards
- Compatible with STA-LOK II® cam arms

### OPTIONAL

EASILY MACHINED PORT  
ON OCTAGON-BASE SHAPE

# LONG B COUPLER

The Long B Couplers come standard with PT's HBS cam arms in either high quality Aluminum A-356 or 316 Stainless Steel. PT also offers STA-LOK II® cam arms with the material and size of your choice (made to order). See the list below of PT's Long B Coupler options. Ports\* installed on the coupler are also an additional option for pressure gauges or "clean out" lines.

## MORE OPTIONS!

• PT's **LONG B COUPLERS** can be used with other fittings to create different configurations.

*For example: Create CXA's with a Long B Coupler attached to a Standard A.*

• **SAFETY BUMPS® & SAFETY LOCKS®** are also great compatible accessories to protect your fitting.
